This is a screenshot of a financial balance sheet document. It features a header with various identification numbers and a main table with multiple columns and rows of data. A QR code is visible in the bottom right corner of the document.

This is a second screenshot of a financial balance sheet document, similar to the first one. It contains a table with financial data and a QR code in the bottom right corner.

This is a third screenshot of a financial balance sheet document, showing a table with financial data and a QR code in the bottom right corner.
